Life Cycle Inventory Reviewer Qualification

Introduction

This report was compiled about reviewer qualifications applicable to Life Cycle Inventory (LCI) verification reports for Life Cycle Assessment (LCA) used in environmental product declarations (EPDs).

Aim

The purpose was to document selection criteria of reviewer qualifications in verification of LCI developed by Ecquate Pty Ltd: The Evah Institute & or Global GreenTag International Pty Ltd & EPDs issue by either company.

Method

Table 1 lists prerequisites for LCI data reviewers from the International Reference Life Cycle Data System (ILCD) Handbook developed by Institute for Environment & Sustainability in the European Commission Joint Research Centre (JRC) in co-operation with the Directorate-General for the Environment¹.

Table 1 Essential Requirements for Eligible EPD Reviewers

Topic knowledge	Criteria
1. Generally of environmental matters	Industry related
	Product-related
2. Good on process & product	Infrastructure & Industrial Operation & or Manufacture Building Product
	Property Development Expertise & or Asset Management Experience
3. in depth of ISO 14040 LCA	Experienced >5 years in ISO 14040 LCA method series related practice
4. In-depth on standards relevant to	ISO 14025:2006 & EN15804:2012+A1:2013
	Environmental labelling & EPD declarations
5. Undertaken ≥3 independent 3rd party LCA reviews compliant ISO 14044:2006 Sect 6 requirements	>1 LCA study involving assessment of multiple environmental impacts
	Shown by evidence of critical independent review of in/ external studies
	In panel review according to ISO 14044 Section 6.2 & 6.3
6. Overall regulatory framework in EPD introduced	Refer General Program Instructions, Section 5.7.3.
	Compliance with Relevant Environmental Legislation
7. In-depth International & Australasian EPD Programs	Globally recognised programs including the International EPD® System
	Australasian EPD Program General Program Instructions
8. Auditing management systems	Following ISO 19011 Guidelines criteria for auditor skills & competences

Table 2 lists the eligibility scoring system also extracted from the ILCD Handbook². It shows the minimum LCI reviewer's qualifications score of 5 points & maximum LCI reviewer's qualifications score of 32 points.

These two preceding qualification tables were compared to professional attributes of professionals currently involved in LCA related work in global supply chain assessment of submissions for attainment of 3rd party certified ecolabels & to develop 3rd party certified Environmental Product Declarations (EPDs).

Life Cycle Inventory Reviewer Qualification

Table 2 LCI Data Reviewer Qualifications Scoring System

Topic		Experience Criteria	Barrier to	score				Max	Min
Metrics	Scoring	minimum	Pass entry	1	2	3	4	score	score
1. Verification & Audit Practice	Mandatory	Years' work ³	3 years	3-4	5-8	9-14	>14	4	1
		Number Reviews ⁴	3 reviews	3-5	6-15	16-30	>30	4	1
	Optional	Scores ⁵ for EPD Scheme, ISO14001 or other EMS	Accredited 3rd party reviewer for >1 EPD Scheme				2		
			Attended courses on environmental audits >40 hrs				1		
			Chair >1 review panel for LCA study or Enviro app				1		
			Qualified trainer in environmental audit course				1		
2. LCA methodology & Practice work	Mandatory	Years' work ⁶	3 years	3-4	5-8	9-14	>14	4	1
		LCI datasets ⁷	5*(10 LCI)	5-8	9-15	16-30	>30	4	1
	Optional	LCA projects & papers	> 5 articles in peer-review journals or books				1		
			Worked >3 research projects on issue/case study				1		
3. Technology ⁸ or experience represented by LCI datasets	Mandatory	Recent years ⁹	3 years	3-5	6-10	11-20	>20	4	1
	Optional	Formal Scientific Qualification	At least one PhD obtained				1		
			≥1 Master thesis or equivalent completed				0.5		
		Ex Private Sector	≥ 3 years' experience in professional work				1.0		
In Private Sector	0.5 point for each added industry sector up to 5				2.5	0.5			
Point Score			Overall Maximum Possible				32	5	

³ Years of experience in the field of review & audit in the environmental field

⁴ Number of reviews as a reviewer, or ISO 14025 compliant verifications of EPDs, or LCI data sets

⁵ Additional scores are complementary & scores are maxima unless otherwise stated e.g. 1 point not 5 for peer-reviewed LCA papers

⁶ Years of experience in LCA work, starting from University Masters or Bachelor degree if Master thesis on LCA

⁷ Participant in LCI dataset development/modelling in LCI database as verified or documented. 10 data sets = 1 "experience"

⁸ Qualification of technologies or activities knowledge is according to NACE code classes (*Regulation (EC) No 1893/2006 of the European Parliament & of the Council of 20 December 2006*). Equivalent classifications may be used. Experience in sub-sector is valid for whole sector

⁹ Years of professional production, R&D or environmental work in private sector, technology or system of LCI under review

Life Cycle Inventory Reviewer Qualification

Olivia Manzart

Table 8 summarises Olivia Manzart's LCI data reviewer eligibility score of 9 out of a possible 32 points.

Table 8 Olivia Manzart LCI Reviewer Eligibility Score Jan 2016

	Score Topic	metrics	Minimum Experience Criteria	Score
	Mandatory	Verification & Audit Practice	years' work	>3 year's work in Environmental Health, Sustainable farming & The Evah Institute
No. Reviews			>4 peer reviews at The Evah Institute LCI & LCIA plus Global GreenTag International (GGTI) client EPDs	1.0
LCA method & Practice work		Year's work	3 years in LCT, LCA& LCC in MSc, own practice & Evah Institute	1.0
		LCI recipes	>50 LCI recipe peer reviews at The Evah Institute & of GGTI EPDs	1.0
Activity		Years recently	>3 years in Human & Environmetnal Health, own practice & Evah Institute	1.0
Optional	Verification & Environmental Audit Practice in last 20 years	EPD, EMS or ISO14001 Scheme	Accredited 3rd party reviewer for Global GreenTag Int. EPD Scheme	2.0
			Attended courses on environmental audits >40 hrs	0.0
			Chair >1 review panel for LCA study or Enviro app.	0.0
			Qualified trainer in environmental audit course Lead Auditor EMS Certificate, Auditor Training Online, 2021	0.0
	LCA method & Practice	LCA projects & papers <10 yrs old	> 5 articles in peer-review journals or books	0.0
			10 LCARate and EPD research projects on issue/case studies	0.0
	Technology or experience represented by LCI datasets	Formal Scientific Qualification	At least one PhD obtained	0.0
			Masters in Interdisciplinary Studies in Environmental, Economic and Social Sustainability, Universitat Autònoma de Barcelona. Bachelor of Health Sciences, Deakin University, Australia	0.5
		Human Health	City of Melbourne leading and expanding aquatic education program, managing a team of 15. Responsible for program and team management, program analysis, partnership development, risk management, reporting and budgeting. Victorian Swim School of the Year Award 2018	0.0
		Private Sector		
		NACE Codes	Company & Project 0.5 point for each added industry sector up to 2.5	
		A - Agriculture, forestry & fishing	WAGENINGEN University & Research, Team Bagua awarded 1st prize. Responsible for circularity of semi-closed greenhouse through optimising nutrient flows and synergies. Co-founder Petit Growers 2020-2023 Innovative and sustainable small-farm specialising in microgreens and specialty vegetables for local restaurants. Microgreen LCA, Life cycle costs and profitability analysis of microgreen urban farm. 2020, Universitat Autònoma de Barcelona. Analysed environmental burden of different production methods.	0.5
		C – Manufacturing	Peer Review LCARate & EPDs of fitout products	0.5
Q – Health	Aquatic Education and Programs Coordinator 2016-2018 Leading and expanding the aquatic education program, managing team of 15. Responsible for program and team management, program analysis, partnership development, risk management and reporting and budgeting. Victorian Swim School of the Year Award 2018	0.5		
Total	Point Score			9.0

Life Cycle Inventory Reviewer Qualification

Esther Ma

Table 3 lists this LCI data reviewer's eligibility score of 12 out of a possible 32 points.

Table3 Esther Ma LCI Reviewer Eligibility Score 2023

	Score Topic	metrics	Minimum Experience Criteria	Score	
	Mandatory	Verification & Audit Practice	Year's work	>3 years, Amikal & LEAD Group & 2 years at Global GreenTag International (GGTI)	1.0
No. Reviews			>15 reviews Global GreenTag International	1.0

Discussion of Results

Qualifications & experience of the following people were compared. All were found to exceed the minimum ILCD Handbook prerequisites for LCI data reviewers. All exceeded the lowest minimum score of 5 points.

The following parties have reviewed the required evidence and accepted the validity of these scores:

- All Reviewers listed in this report,
- PCR Moderator: Ecquate Pty Ltd and
- LCA Methodology Developer: The Evah Institute.

All persons nominated herein as reviewers have reviewed evidence required and accepted the veracity of these scores. Therefore, their names are to be posted & scores declared on the World Wide Web.

Conclusions

All persons nominated herein are each considered eligible to be commissioned to submit verifier reports on the LCA used to develop 3rd party certified EPDs.

Each is eligible to submit verifier reports on the LCA used to develop 3rd party certified EPDs.

To facilitate program & system transparency the name, score & qualifications of Olivia Manzart, Esther Ma, Jill Jing, Yasmin Kelly, Bambang Riyadi Koproto, Dr Biji Kurup, Direshni Naiker, Murray Jones, Dr Sharmina Begum, Mathilde Vlieg, Dr Nana Bortsie-Aryee, Shloka Ashar, David Baggs and Delwyn Jones are to be posted & declared on the World Wide Web.

Stakeholders may then examine them & respond to all concerned & interested parties as deemed fit.
