

ECOSPECIFIER

DAVID BAGGS SPEAKS

*Inspiring audiences to visions for a greener,
healthier built environment...
and providing real world solutions.*

**Green Building Solutions Specialist Green
Products & Building Researcher & Assessor
Multi-Award Winning Eco-Architect**

David Baggs is a vocal advocate, educator and guide in a world ready to be greener and recently voted as one of Australia's Top 50 Environmentally Influential people.

**GREEN
ADVOCATE**

DAVID BAGGS SPEAKS

CEO and Technical Director behind the highly successful online industry resource tool **ecospecifier**, David plays a powerful and unique role to actively bring green building innovation, materials and the built environment together.

His primary aim is to push the boundaries in ecologically sustainable development out to new horizons, leading architects and designers towards greener visions and lighting the creative fuse for building manufacturers to develop more eco and health preferable building materials, fit-out products and technologies.

In a career that spans more than three decades, David is highly respected for his work as a sustainability, eco-products and materials consultant and certifier on construction projects from Australia to Sri Lanka and Middle East. With his Green Building Solutions team, David has been involved on new and refurbished building projects worth over AUD\$55 billion. He is also responsible for the development of some of the world's leading green building policy.

An innovative thinker and practitioner, David Baggs communicates knowledge in Green Building Design, Solutions and Life Cycle Assessment for products and buildings with great passion, informing and inspiring the construction field to step up to the sustainability challenge.

Rich examples and resources available - Inspiring!

Wilson Yau Hong Kong Science and Technology, Greenbuild Asia Hong Kong 2009 Masterclass

Delivering powerful presentations on green building and materials intelligence

If anyone has need of someone to talk about the state of green building policy, materials innovation, design or navigating through the maze of building codes, green rating systems and government legislation – your speaker is David Baggs.

Just name an issue or idea to push the boundaries of thought and eco-practice further and David will respond with a speech that will convince you or inspire you to find out more.

For international and industry conferences and corporate seminars, David Baggs produces robust presentations that tap into major worldwide issues as well as his own significant experience and practices in delivering world leading green projects. David challenges the way for new frontiers of Ecologically Sustainable Design to be realised, speaking on topics that have addressed the spectrum of sustainability challenges in the contemporary built environment, including:

- Green Building: What's Driving it and Where Is it Going
- Driving Green Building Productivity: BIM, LCA & GreenTag™ – the World's First Ecolabel Rating for Green Building Product Certification.
- Designing the First Cost of Green Buildings Down: Integrative Design
- Sustainable Materials in Context
- Restorative Sustainability, Lean Cities & Low Carb Materials
- Optimising Building Design for Sustainability & Comfort
- Detoxifying the Work Environment: Driving Productivity Through Design
- Water Cycle Management & Re-Use Strategies for A Consuming Globe
- Green Roofs & Walls: The New Impetus For Vegetated Buildings
- Automating Green Building Sustainability Assessment
- Introducing the Estidama Pearls: Abu Dhabi's New Green Building Rating System

Plus custom seminars or presentations to suit your needs.

Major Presentations

2010

Expo Build, Shanghai, China
China Sustainable Buildings, Shanghai
China Green Buildings, Shanghai
GreenTag Information Seminars, Sydney, Melbourne, Brisbane, Maroochydore
GreenTag GBCA Seminars, Sydney, Melbourne, Brisbane
Armstrong Ceilings: Lancaster Campus, PA, USA. International Global Product Innovations Group
POPPI Conference, Melbourne
DesignBUILD, Melbourne, Perth
TEFMA Conference, Sydney
Australian Steel Institute, Sydney
Big Five Conference, Dubai

2009

Dubai Municipality DEWA, 13-16 September, 09
DesignBuild, Sydney, 21-23 May 09
Big Five Conference, Dubai, 23-27 November, 09
Big Five Expo, 24 November, 09
Index, Dubai, 3-7 December, 09
India Green Building Council, 20-25 October, 09
Green Build Asia – Paper on one day Masterclass on Integrative Design Process
EcoBuild Dubai – October
BEX Asia – Sept
Master Builders Australia National Conference Keynote address, Gold Coast

2008

Middle East Environmental Engineering Conference, Abu Dhabi
Co-operative Research Centre for Construction Innovation – International Conference, Gold Coast
CRC, "Sustainability: the Missing Link in the Prospect of a Low Carb Future", Queensland
Design 4 Sustainability, Sydney
Designbuild, Melbourne
2008 Queensland Supply Chain, Brisbane
Infrastructure Australia, Melbourne
Queensland Government Trade Architectural Book Launch, Singapore
National Sustainable Procurement Conference, Brisbane
World Architecture Congress, Dubai
CityScape, Dubai

2007

Royal Australian Institute Architects: "Eco-products in Practice"
Australian Association for Sustainable Materials in Construction: 'From Passive to Extreme Thermal Mass: Using Mass to Generate Thermal Comfort and Next Generation Energy Sources'
Australian Green Roofs for Healthy Cities: Inaugural National Conference:
Green Square Town Centre: Stakeholder Vision Setting Workshop -
Ecospecifier Practical Sustainability
National Seminar Tour
Seminar #1: 'ESD and Compliance Solutions'
Seminar #2: 'Building Rating Material Issues and Solutions'
Seminar #3: 'Green Building and Materials Procurement'
Seminar #4: 'Life Cycle Assessment of Embodied Energy'
DesignEX 2007 – Lean Cities and the Role of 'Restorative Sustainability' - Melbourne
DesignBUILD 2007 – Sustainable Materials: Current Issues and Drivers - Perth
International Cities and Town Centres
Association International Conference,
Auckland 'Lean Cities – Low Carb
Green Renewables EX 2007 Sydney – 'Low Carb Materials'
Renewables EX 2007 Sydney: 'Low Carb Materials'
Infrastructure Australia 2007 Exhibition: 'Sustainable Products in Major Projects' –Melbourne

Qualifications

National Accreditation ABSA 2010
LEED® Accredited Professional 2008
Green Star Accredited Professional 2006
Accredited Building Sustainability Assessor (ABSA) #200047
Chartered Architect, Board of Architects, NSW 1980
Bachelor of Architecture (Hons) NSW Institute of Technology 1979

Affiliations

Fellow of the **Royal Australian Institute of Architects (FRAIA)** – 'Associate' status since 1979 #847
Independent Chair – **Green Building Council of Australia**
Member **Alternative Technology Association**, Current - 1993
Member, **Royal Society (NSW) for Advancement of Science**, Current - 1990
Member, **Passive Solar Buildings Group of AuSES**, Current - 1984
Member, **Australian & New Zealand Solar Energy Society**, Current – 1980
Member, **Green Building Council Australia**, Current - 2000
Member, **Green Building Council United Arab Emirates**, Current - 2007
Member, **Green Building Council USA**, Current - 2008
Member, **Green Building Council South Africa** Current - 2009

Awards

QLD Premier's Export Award

2010 Winner (ecospecifier)

Australian National Export Awards

2010 Finalist (ecospecifier)

Banksia Awards

2009 Voted of Australia's top 50 most Influential Environmental Companies (ABC Carbon Readership)

2005 Finalist (ecospecifier) Awards Ceremony

2004 YBE 'Sustainable Communities' Commendation (ecospecifier)

HIA National GreenSmart Partnership Award

2004 (ecospecifier)

HIA National GreenSmart Professional of the Year

2003

HIA PATHE GreenSmart Award

2000 Environmental consultant Manidis Roberts with the Mirvac lend lease Consortium for the Olympic Village

Banksia Award 2000 Finalist for the Olympic Village 1981

Banksia Award

1999 Sydney SuperDome Environmental Initiatives as environmental consultant to Manidis Roberts and AbiGroup Australia

University of Technology Sydney Special Award

1999 'Excellence in the Field of Energy Conservation in Buildings'

Master Builders Association, National Housing and Construction Excellence Awards, Energy Award

1999 with the Mirvac Lend Lease Village Consortium for the Olympic Village, Newington.

NSW Chapter, Royal Australian Institute of Architects, Merit Award for ESD Design

1999 for The Munro and Grace Pavilions RAS Showgrounds, Homebush, with SJPH and Pavillion Architects.

Master Builders Association National Energy Management Commendation

1998 with the Greenlight Consortium for the Energy Smart Homes Program

Finalist Baulkham Hills Council Best Energy Efficient Building

1998 Best Ecologically Sustainable Building and Best Medium Density Development

1993 Baulkham Hills Council Best Environmentally Efficient Building

CSR Energy Conquest Award for Commercial Building

1993 Brewarrinna Aboriginal Cultural Museum (NSW PWD)

Blackett Award RAIA

1991 for Brewarrinna Aboriginal Cultural Museum (NSW PWD)

Housing Industry Association, Top Home Award

1990/91 for Most Innovative Design

Housing Industry Association, Top Home Award

1988/89 for an Energy Efficient Home

Housing Industry Association, Top Home Award

1988/89 for Most Innovative Design

National Energy Management Award,

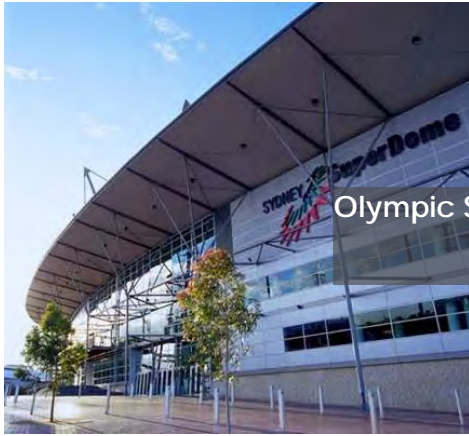

1986 Certificate of Merit for Significant Achievements in the Efficient Management of Energy

Housing Industry Association, Top Home Award

1985/86 for an Energy Efficient Home

NSW Building Society Design Award

1981
